Summary

A seasoned and dynamic IT Professional with 12+ years of hands-on experience across software architecture, design, development, and production support. I have a solid track record of driving innovation and delivering high-impact solutions for a diverse range of clients, from startups to Fortune 500 companies. Known for my analytical mindset and attention to detail, I excel at enhancing end-user functionality and ensuring project accuracy from start to finish.

Whether leading complex projects or collaborating within teams, I'm passionate about using technology to solve real-world problems and create scalable, efficient systems that deliver measurable results.

In addition to my professional experience, I'm actively involved in public speaking and mentoring through platforms like ProWomen, where I support and empower other women in tech.
